Open to on-site, hybrid and remote opportunities

SUMMARY

Senior Software Engineer and Tech Lead with 5+ years in software engineering and 3+ years leading teams across Flutter mobile/web and native iOS. AI engineering focus: applying coding agents, prompt engineering and specification-driven workflows to plan, implement, test and review production software. Combine hands-on architecture with requirements gathering, Jira planning, mentoring and release ownership. Confident adapting to new technologies through focused R&D; and careful validation.

TECHNICAL EXPERTISE

AI-Native Development: Prompt engineering, agentic coding workflows, AI-assisted planning, spec-driven development, ChatGPT/Codex, test-driven development and human code review.

Mobile & web: Flutter, Dart, Swift, UIKit, BLoC/Cubit, responsive UI, asynchronous programming and streams.

Architecture & integration: Clean Architecture, MVVM, SOLID, REST APIs, Firebase, secure networking, centralized error handling and local persistence.

Delivery & leadership: GitHub Actions, CI/CD, Jira, Kanban, requirements gathering, release management, App Store/Google Play delivery, mentoring and code reviews.

EXPERIENCE

Techtronix | Tech Lead — Flutter & Mobile/Web Engineering | Mar 2024 – Present

- Lead Carbee's Flutter Web team, with primary ownership of admin and dealership portals and collaboration across mobile, backend, QA, and product teams.
- Build reusable foundations for secure networking, interceptors, centralized errors, request/response tracing, and encryption handling.
- Gather requirements, plan work in Jira, and own CI/CD, QA handoffs, release validation and deployment across environments.
- Support Android/iOS product delivery, review code, mentor engineers, and apply AI-agent-assisted workflows with structured requirements and implementation plans.

AT-Tech | Software Engineer, Flutter and Native iOS | Jun 2022 – Mar 2024

- Enhanced production native-iOS features and modules for Dr.iQ, a UK digital healthcare product serving NHS patients, working alongside the iOS team.
- Contributed to a major codebase refactor for maintainable architecture, alongside Firebase, persistence, notifications, and iOS deployment workflows.
- Led the PSX Ascend migration initiative from an existing native iOS application to Flutter for Android and iOS, retaining core product functionality.

EARLIER EXPERIENCE

Heuristify | Flutter Developer | Jan 2022 – Jun 2022

- Led Invoice Labs redevelopment from native Android to Flutter for Android, iOS, and Linux; implemented local persistence and delivered a stable Google Play release.
- Mentored product-team members and interns through implementation and code review.

SBS | Associate Software Engineer | Nov 2020 – Jan 2022

- Developed and deployed 8+ cross-platform Android/iOS applications.
- Enhanced LSUK with travel-distance calculation, UI improvements, feature delivery, and architecture cleanup for its UK interpreter workflows.

Independent | Freelance Mobile App Developer | Aug 2019 – Sep 2020

Delivered mobile development work for Android and iOS.

SELECTED MOBILE AND AI-RELATED PRODUCTS

Dr.iQ | Native iOS healthcare

Production iOS engineering and architecture refactoring for online healthcare consultations and patient services. View on the App Store.

Carpool | Independent Flutter and Android product

Independently developed and maintain a live local carpooling product. Use it to apply AI-agent-assisted, spec-driven development from specification and architecture through release and iteration. View on Google Play.

Afterlife AI and Cam Translator | AI-related mobile experience

Worked on Afterlife AI, an avatar creation and chat application, and Cam Translator, a Google ML Kit-based camera application for text/object recognition and translation.

My Treats and LSUK | Released mobile applications

Restaurant ordering and delivery applications for My Treats in Bristol, and interpreter workflows for LSUK. My Treats on the App Store · LSUK on the App Store.

EDUCATION

Bachelor of Computer Science

Federal Urdu University, Islamabad | 2016–2020 | CGPA 3.59
